

FOR IMMEDIATE RELEASE

DEUCES WILD DUELING PIANOS SOLD OUT SHOW AT THE SANFORD CENTER, ON SATURDAY, FEBRUARY 10TH 2024.

(BEMIDJI, MN– February 12th, 2024) – The Sanford Center had a busy weekend which kicked off Friday with Bemidji State University Women’s Hockey and continued to Saturday, February 10th, where Deuces Wild Dueling Pianos took the stage to play to a sold-out room for the much-anticipated return of their infamous show.

470 people filled the Convention Center for an entertaining and interactive night which kicked off at 7 pm with the opener, Joshua Kloyda, who played a medley of original music about heading south for the winter, relationship woes, and hanging out in train stations. Kloyda’s steel guitar brought an authentic blues-folk vibe to the room and had audiences captivated and engaged right up till the very end. Shortly after, Ted and Dave, the dynamic duo that is Deuces Wild Dueling Pianos took the stage and brought everyone to their feet as the room filled with laughter and singing for the next several hours.

“Deuces Wild is such a fun and electric show! Ted and Dave never disappoint. This year we were able to have such an incredible opener in Joshua. He brought goosebumps to everyone in the room as he played his original work on a steel guitar. We are already looking forward to next year and having this fun and exciting event back again!” Stated Interim General Manager, Bobby Anderson.

Plans are already underway to bring the Dueling Piano Duo back to The Sanford Center in 2025 for an even bigger night of music and entertainment.

About Deuces Wild Dueling Pianos

Son of a miner from the northern woods of Minnesota, David Charles Eichholz is a versatile, self-taught musician who plays the piano, guitar, saxophone, harmonica, trumpet, and countless other instruments. He was then recruited by Little Ditty’s, Dueling Piano Bar at the Mall of America in Minnesota where he performed four nights each week for five years. Ted got his start in Deuces Wild by walking out of his day job and demanding an audition. Although he hadn’t previously played in a dueling piano-style show, his amazing showmanship and obvious ability to perform as a world-class entertainer blew away the competition! Since then, he has played thousands of dueling piano shows with performances all over the country!
